## Computer Network and Internet Permission Form

On the campus of Our Lady of Perpetual Help School there are multiple computers available for students' use in both instructional and less supervised settings. While using these computers, students have access to a wide range of educational materials by means of computer networks or internet services. As the parent/ guardian of the student listed below, I understand and accept that school staff cannot individually monitor all of the information my child is able to access, download, or transmit through these computers. I also accept that it is impossible for the school staff to completely prevent access to inappropriate or controversial information or material.

My child and I have discussed appropriate usage of the school's computer and understand that both the accessing, saving, or distribution of any inappropriate or controversial information or material will not be tolerated. The accessing, saving, or distribution of such information or material will result in my child's loss of computer use at school and may also result in other disciplinary action by the school.
